Srovnávací rovina 410,00 m.n.m. B.p.v.

Technical drawing of a road cross-section. The drawing shows a road with a width of 2.50m and a shoulder width of 9.63m. The road surface has a 2.50% slope, and the shoulder has a 2.50% slope. The elevation of the road surface is 419.70, and the elevation of the shoulder is 419.69. The drawing also shows a 2.50m wide section with a 2.50% slope and a 0.50m wide section with an 8.00% slope. The overall width of the road is 9.63m. The drawing includes a dashed line indicating the centerline and a solid line indicating the edge of the road. The elevation of the centerline is 419.53, and the elevation of the edge of the road is 419.68.

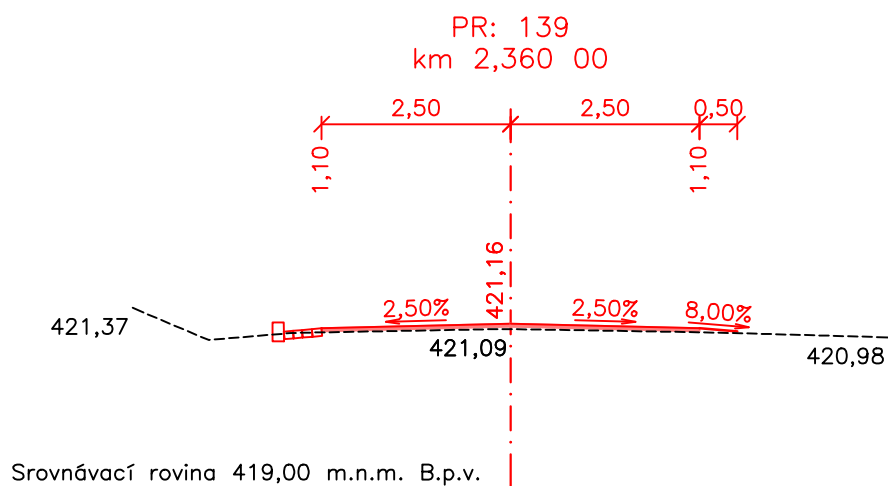

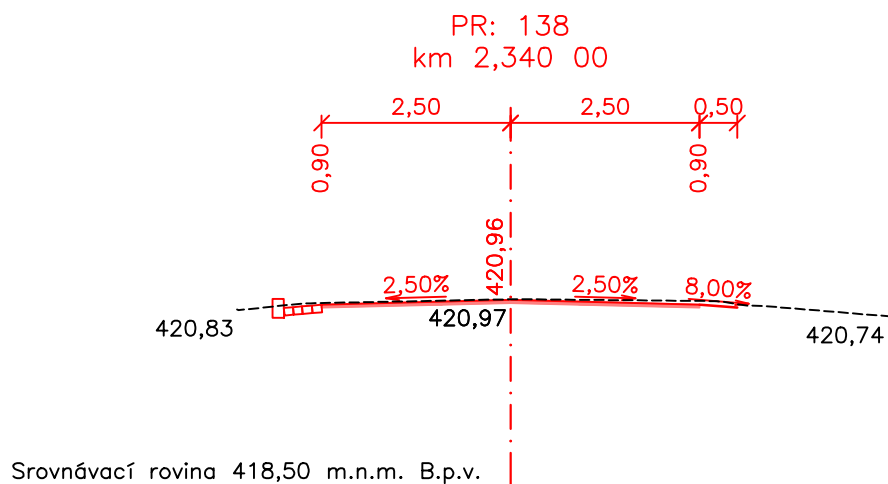

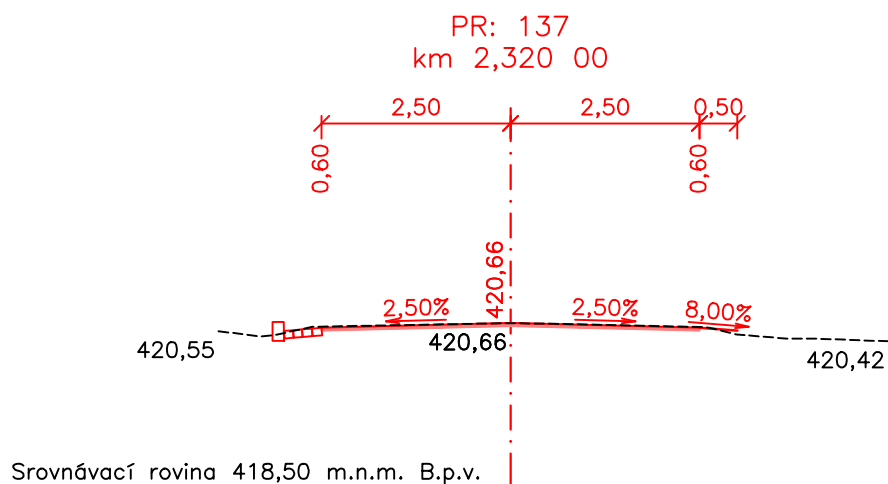

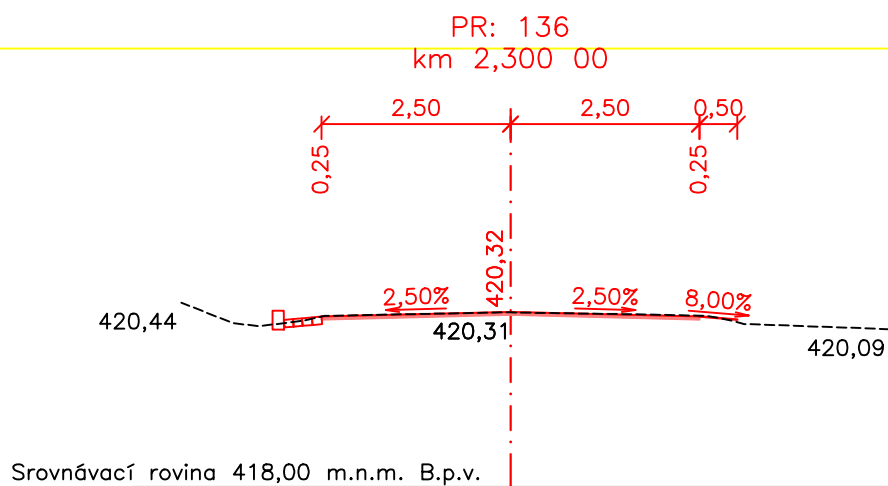

Diagram illustrating a cross-section of a road profile with a 4% slope. The profile is defined by a dashed line (ground) and a solid red line (road surface). Key elevations and dimensions are marked:

- Left side elevation: 420,27
- Center elevation: 419,84
- Right side elevation: 419,87
- Horizontal distances from center: 2,50, 2,50, and 0,50
- Vertical distances from center to top edges: 9,80
- Slopes: 2,50%, 2,50%, and 8,00%

Technical drawing of a road cross-section showing a parabolic profile. The drawing includes a dashed line for the profile, a solid line for the grade, and a vertical dashed line for the centerline. Key dimensions and elevations are labeled in red and black.

**Dimensions (red):**

- Left side width: 1,33
- Left side horizontal distance: 2,25
- Right side horizontal distance: 2,50
- Right side width: 1,52
- Right side width (at edge): 0,50

**Elevations (black):**

- Left edge elevation: 421,30
- Centerline elevation: 421,42
- Right edge elevation: 421,57

**Grades (red):**

- Left side grade: 4,00%
- Right side grade: 4,00%
- Right side grade (at edge): 8,00%

**Text (black):**

Srovnávací rovina 419,00 m.n.m. B.p.v.

Diagram showing a cross-section of a road profile. The profile is defined by a dashed line. Key elevation points are marked: 421,11 on the left, 421,39 at the center (indicated by a vertical red dash-dot line), and 419,77 on the right. Horizontal distances are marked with red dimension lines: 1,33 from the left edge to the center line, 2,25 from the center line to the right edge, and 0,50 from the right edge to the rightmost point. Slopes are indicated by red arrows and percentages: 2,50% on the left side, 2,50% on the right side, and 8,00% at the far right. A red square symbol is located on the left side of the profile. Below the diagram, the text 'Srovnávací rovina 418,00 m.n.m. B.p.v.' is written.
