

3D - NÁPOJENÍ NA STÁVAJÍCÍ KONSTRUKCI
1:80

The drawing shows a 3D perspective view of a structural frame. The frame consists of columns, beams, and a gabled roof. The columns are labeled with letters A, B, C, D, E, F, G, H. The beams are labeled with numbers 1, 2, 3, 4. The roof is labeled with letters A, B, C, D, E, F, G, H. The drawing is a technical drawing, showing the structural details of the building. The grid system is used to locate the columns and beams. The columns are labeled with letters A, B, C, D, E, F, G, H. The beams are labeled with numbers 1, 2, 3, 4. The roof is labeled with letters A, B, C, D, E, F, G, H. The drawing is a technical drawing, showing the structural details of the building. The grid system is used to locate the columns and beams. The columns are labeled with letters A, B, C, D, E, F, G, H. The beams are labeled with numbers 1, 2, 3, 4. The roof is labeled with letters A, B, C, D, E, F, G, H.

This technical drawing illustrates the structural frame of a building, presented in an isometric perspective. The structure is composed of a grid of columns and beams. The columns are labeled with letters A through I, and the beams are labeled with numbers 1 through 4. The drawing shows the main structural elements, including the columns, beams, and the internal bracing system. The grid lines are indicated by dashed lines, and the labels are placed at the intersections of the grid lines. The drawing is a detailed representation of the building's structural framework, showing the arrangement of columns and beams and the internal bracing system.
