Technical drawing of a road cross-section. The drawing shows a road profile with a 1:1.3 slope and a 1.00% grade. The vertical axis is labeled with elevations: 495,54, 495,28, and 494,62. The horizontal axis is labeled with a distance of 1,50. The slope is labeled 1:1,3. The grade is labeled 1,00%. The vertical axis is labeled S.R.=491,00. The horizontal axis is labeled OPLOCENI.

Technical drawing of a road cross-section. The drawing shows a green line representing the ground profile, sloping downwards from left to right. A red dashed vertical line is positioned on the left side. A red solid vertical line is positioned on the right side, labeled "OPLOCENI". A horizontal dimension line above the profile indicates a distance of 1,50. A vertical dimension line to the left of the profile indicates an elevation of 5,13. A vertical dimension line to the right of the profile indicates an elevation of 5,21. A horizontal dimension line below the profile indicates a distance of 1,00%. A vertical dimension line below the profile indicates an elevation of 495,03. A vertical dimension line to the far left indicates an elevation of 495,28. A vertical dimension line to the far right indicates an elevation of 494,59. A vertical dimension line at the bottom center indicates an elevation of S.R.=491,00.
